**THE BIG IDEA**

---

## Your ever-evolving story

Home is a story we tell about who we are,  
where we've been and what we care about.

The more "you" a room is, the more welcoming it feels.

A home filled with meaning is a home filled with joy.

More than a style, what ties it all together is the story.

And the story changes as you change.

The next chapter is this year's adventure.

**Through meaningful home decor, Shutterfly enables  
you to tell your unique story as it evolves.**
